

AURORA

New Venture Creation

3 ECTS summer course in Amsterdam

Registration deadline: 1 April 2025

*More information
can be found on the
VU-website*

Dreaming of studying in an international environment, exploring a vibrant city, and gaining new perspectives on exciting topics? At VU Summer School, you can do it all!

The international summer course 'New Venture Creation in the Amsterdam Entrepreneurial Ecosystem' offers a unique opportunity to explore entrepreneurship and new venture creation. This goes beyond start-ups, covering corporate innovation, spin-offs, scale-ups, and more.

An important part of the content of this course is determined by the students themselves, who are expected to come up with their own business ideas and contributions, guided by the course lecturers.

How to apply

This course is open to Advanced Bachelor's but we also welcome Master's and PhD students from any discipline. If you are interested, please reach out to the Aurora representative at your own university. They can also tell you more about the Aurora funding opportunities in order to pay for other costs such as short-stay accommodation and travel expenses.

More information

Date: 7-18 July 2025 (no weekends)

Coordinating Lecturer: Prod. dr. Enno Masurel

Course level

The level of assessment is on Advanced Bachelor level (third year).
